cvfHUB Vision

End-to-end
composites simulation.

Powered by
integrated and **validated**
commercial software.

Design

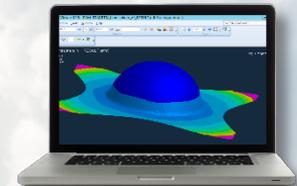

Manufacturing

Performance

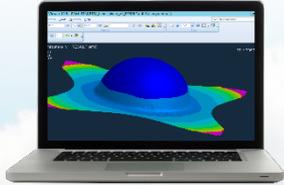

In a **secure, collaborative,**
cloud-based environment.

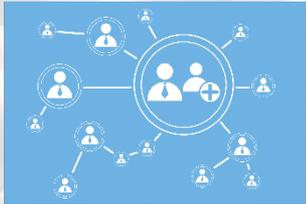

cvfHUB Empowerment

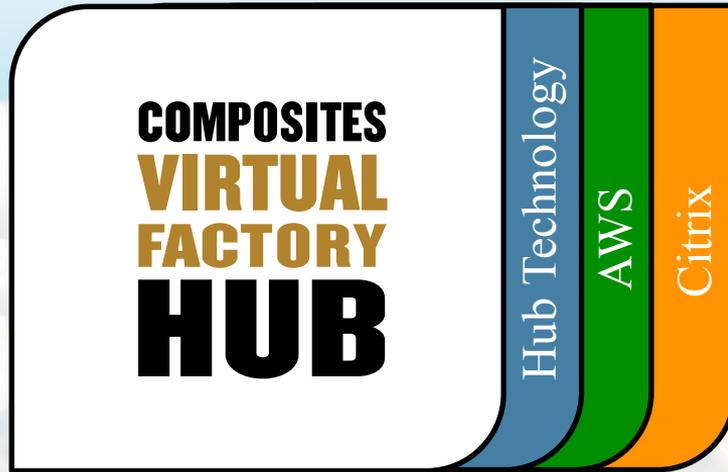

Composites Innovation via Simulation in the Cloud

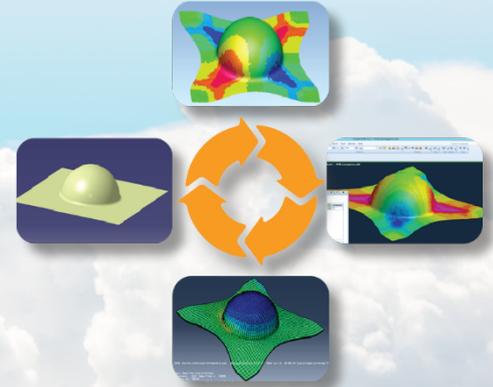

Cloud-based Simulation

Project Collaboration

Manufacturing Process Simulation

Process Integration

Delivering Simulation Tools in the Cloud

A secure cloud services platform, offering compute power, file storage, content delivery, and other functionality to help businesses scale and grow.

Delivering Composites Simulation Tools

COMPRO | RAVEN

CATIA | SIMULIA | BIOVIA | ENOVIA | DELMIA
3D EXPERIENCE

SWIFTCOMP | VABS

MSC Software Company

DIGIMAT | NASTRAN

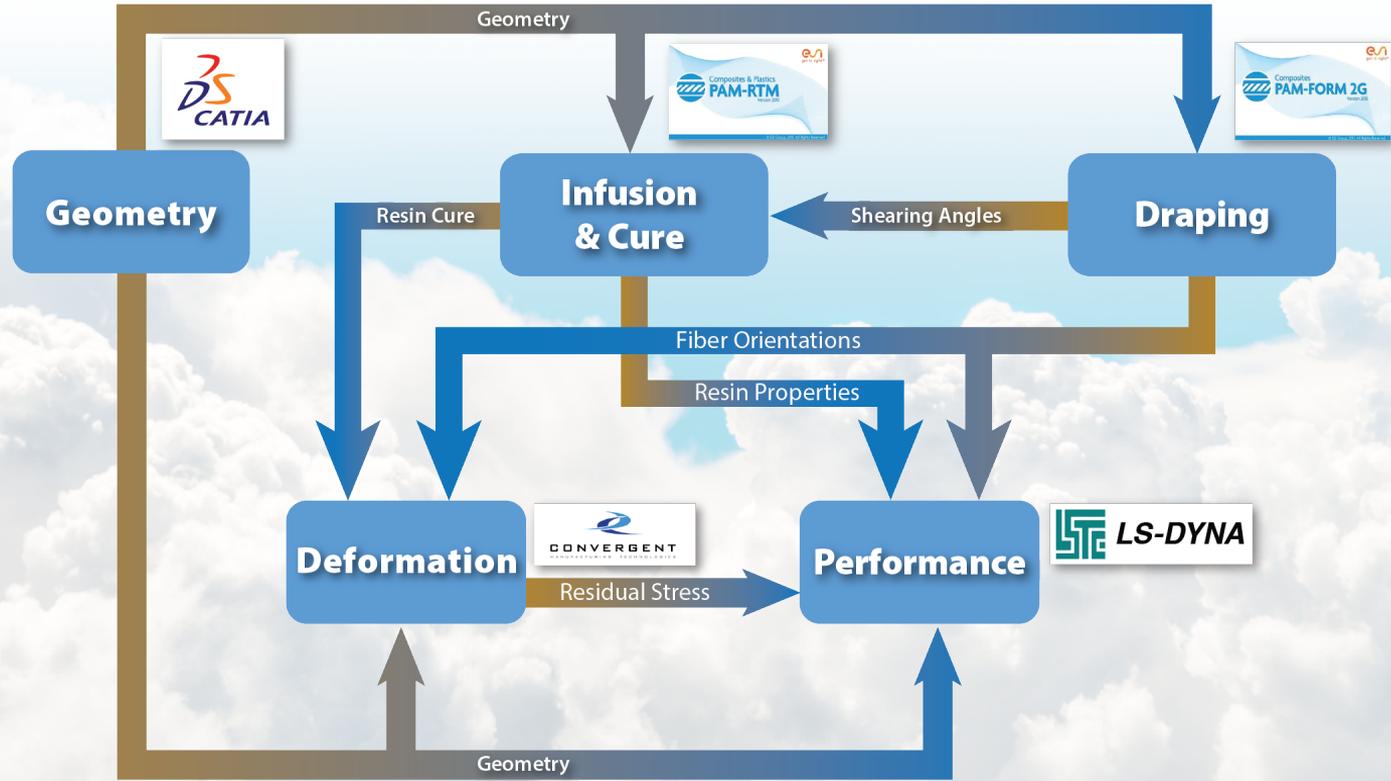

PAM-FORM | PAM-RTM | PAM-DISTORT | PAM-CRASH

A single platform - with major composites software.

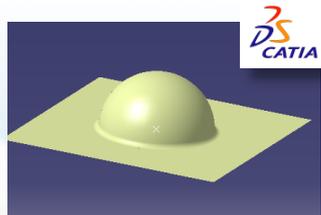

Code Integration

HPRTM Process Modeling

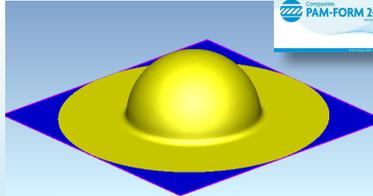

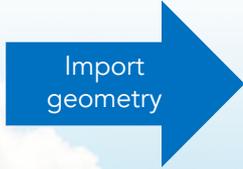

Code Integration

HPRTM Process Modeling

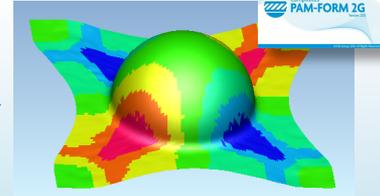

CATIA

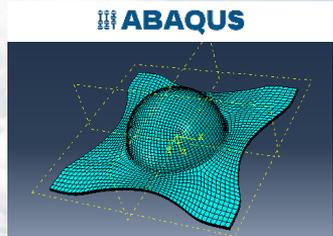

Build Geometry

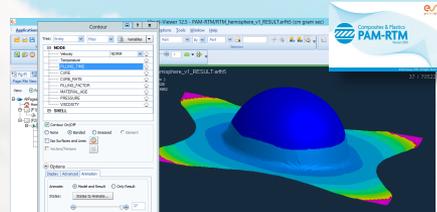

PAM-FORM 2G

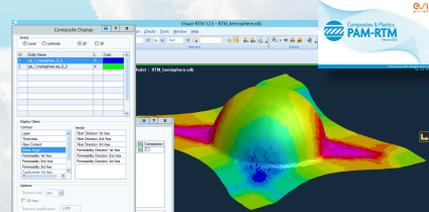

PAM-FORM 2G

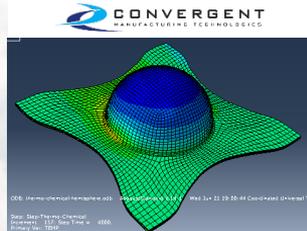

ABAQUS

PAM-RTM

PAM-RTM

CONVERGENT
MANUFACTURING TECHNOLOGIES

Manual Method

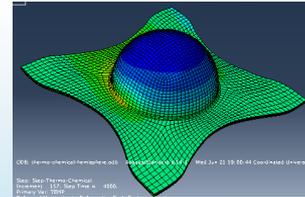

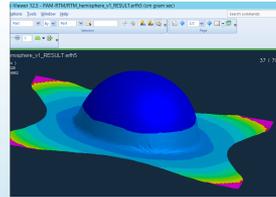

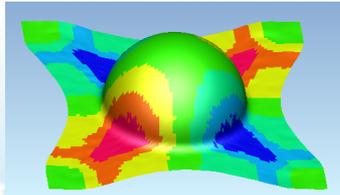

- 5 complex tools
- 1 hour active working time

Code Integration

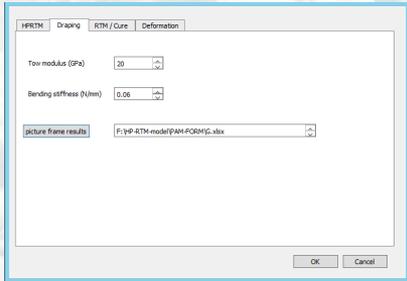

HPRTM Process Integration

Build and save
FORM, RTM,
COMPRO models.

Program will
automatically update
models with new
material properties /
process conditions
and run the models.

Enter material properties
and process conditions

HPRTM
Process
Integration

Manufacturing Informed
Performance

Open HPRTM process
integration program.

Integrated Method

- 1 simple interface
- < 5 min. active working time

Recycle Bin

Google Chrome

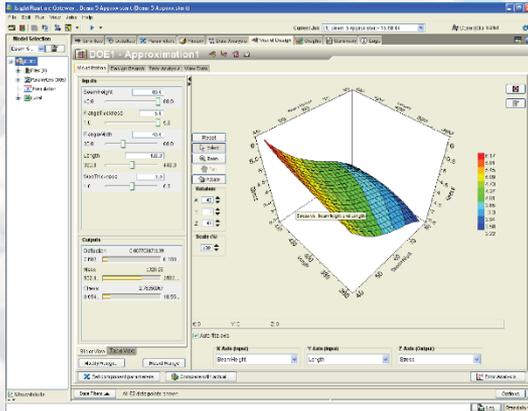

HPRTM process 1...

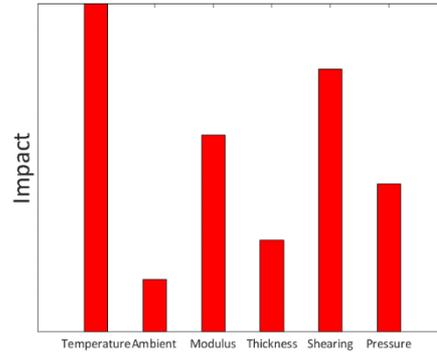

COMPOSITES VIRTUAL FACTORY HUB

Code Integration Makes Possible

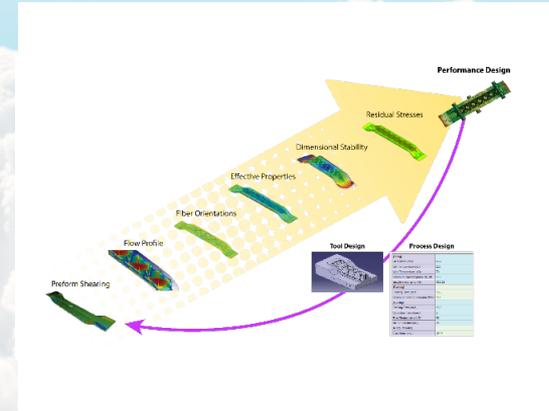

Optimization

Sensitivity Studies

Manufacturing Informed Design

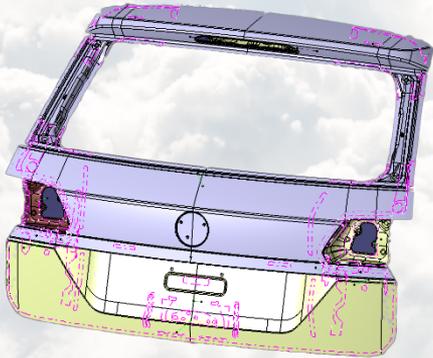

Project Collaboration

- Access to project files wherever partners are located.
- Co-located simulation files and software.
- Eliminate the need for sharing files over e-mail or insecure file-sharing services.

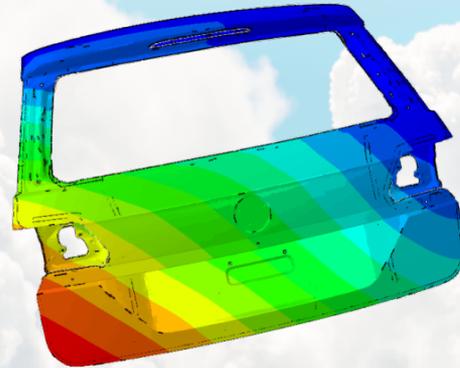

Common Access to Project Files

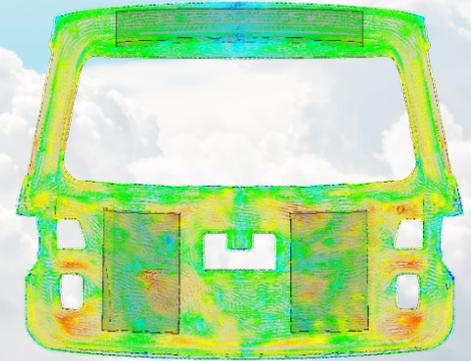

Geometry Files >1GB

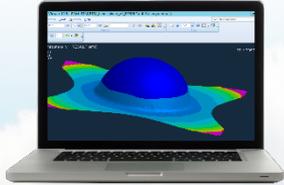

Performance Analysis >400MB

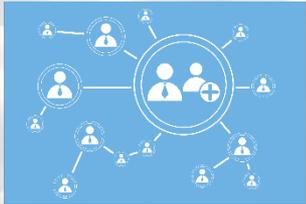

Molding Simulations >2GB

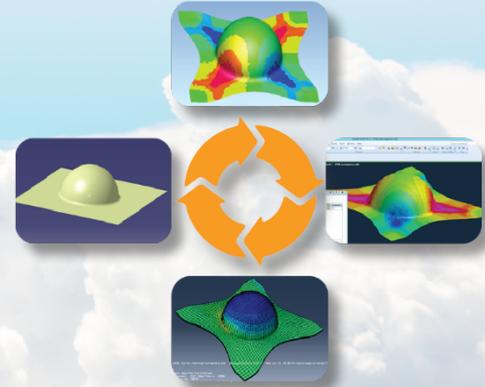

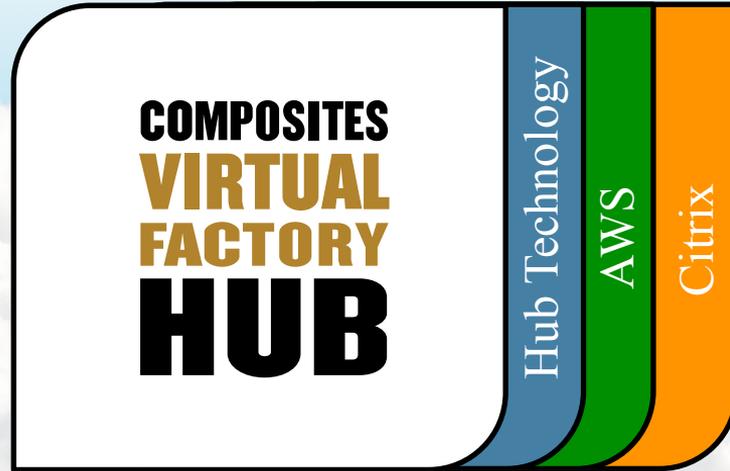

cvfHUB Allows Composites Innovation via Simulation in the Cloud

Cloud Delivery of
Simulation Codes

Collaboration

Code Integration

cvfHUB Workshop tomorrow from 9–10am

*Simulation tools available **ONLY** to members of approved **IACMI** project teams*

How to become a **cvfHUB** member

How to organize project groups

What manufacturing processes can be simulated

Available simulation tools
